

Action cards

Adapted from [Get Global Education Pack](#) which contains a number of activities for planning action.

Lobby someone in a powerful position (a teacher, MP, AM, someone from the council) by writing a letter, visiting, emailing them or signing a petition.	Find out which organisations can help us, and join their local, national or global campaigns.	Perform a play or performance on how the issue affects people, for example, in a school assembly.
Invite a guest speaker to the school to talk about the issue or hold a debate.	Make a leaflet or poster to display to people in the school/college and local community.	Make different choices about my own life based on what I have learned, e.g. how I spend my money, how I speak to people, etc. Other people will follow my example.
Make a video, audio or photography presentation and share it online with as many people as possible.	Raise money and donate it to a charity working on the issue.	Work with the media, inviting them to an event or talking on radio for example.
Run an awareness raising session about the issue for others in my school/college and community.	Your own idea	Your own idea
