Using this Index

All items in the Temple Library are **catalogued by their shelf location**, eg 11D would be Cabinet 11, Shelf D (4th up).
 The cabinet numbers are colour coded to match the **key** that opens them – eg 20 = blue key, 11 = green key.
Display cases are in rainbow colours to match backing card, with curated objects from organisational archives.
Linen Hangings (peace rainbow + doc enlargements) protect Temple Archives boxes, in era / organisation groupings (1920s–50s-70s-2000s)
 Notes in grey summarise overarching content groupings for each section.
